OUTLINES.

A great ocean tragedy has probably occurred at Cape Hatteras, that graveyard of ships on the North Carolina coast; over 400 life preservers and other wreckage strews the beach and it is probable that a passenger ship has met with disaster off the coast——At Kansas City the Chamber of Commerce building was burned yesterday morning and it is estimated that the lives lost may reach thirty——The Japanese Ambassador has complained to the State Department that Japanese children are excluded from the public schools of San Francisco——Governor Pennypacker in a letter attempts to justify the great scandal which has resulted in the expenditure of $13,000,000 for Pennsylvania's new State capitol when the Legislature only appropriated $4,000,000——The 300 Indians committing depredations in Wyoming refuse to surrender and the troop of cavalry sent after them is awaiting reinforcements before attacking them——A census bureau report issued at Washington yesterday makes the number of bales of cotton ginned up to the 18th of October 4,910,290 against 4,990,566 bales in 1905——Five survivors of the terrible hurricane on the Florida coast were landed at Norfolk yesterday by the British steamer Heothpool; they were picked up from a raft of two logs at sea, a sixth man having despaired and flung himself into the sea——New York markets: Money on call firm 3 1-2 to 4 1-2 per cent; ruling rate 4 1-2; closing bid—offered at 3; spot cotton 30 points decline, closing dull at 10.95; flour steady; wheat barely steady, No. 2 red 79 3-4; corn steady, No. 2, 54 3-4 elevator; oats steady, mixed 38; turpentine firm; rosin firm, strained common to good 4.20 to 4.25.

"Keep your youth on the farm" advises James J. Hill, the railroad magnate. We'd go on a farm at once if we could keep our youth.

Did you know that you have only two more days in which to register? The books close to-morrow. You can't vote to save the State if you are not registered.

A Pittsburg bank employe confessed that upon a salary of $15 a week he stole nearly a half-million dollars. This shows what opportunities come to some men.

The Gastonia Gazette mentions that Davis Bros., of Gastonia, a few days ago received 77 hogs from Tennessee. Raising hogs is not strictly agriculture, but our farmers ought to raise enough meat to supply the home demand.

King Edward has announced that 7:30 P. M., 8 P. M. and 8:30 P. M. is too late for dinner and consequently has named 6:30 P. M. as the dinner hour. He can rest assured that whatever hour he fixes will be adopted by his loyal subjects in America.

The effectiveness and usefulness of balloons in future military operations is firmly believed in by Brigadier General James Allen, chief signal officer of the United States Army. If balloons get to sailing overhead and dropping shells, the soldiers beneath will fully understand what it means to "stand from under."

The Ute Indians who are on a rampage in Wyoming have been overtaken by Capt. C. P. Johnson, an orderly and a scout, on Little Powder River. They refused to return to their reservation and cowboys report that the Red Skins are holding nightly dances and are in a mood for trouble. That means that there will be a lot of Indian funerals as soon as the cavalry gest down to work.

The Gaewar of Baroda left the United States without any great blowing of trumpets. Here's one that would blow no trumpet over the good for-nothing thing, for he said American women are not pretty. Those of us who have been stunned, captivated and entranced by the beauty of the most charming creatures on earth have a poor opinion of the diseased and measly taste of the Gaekwar. With his faculty of appreciation so warped and gnarled, old Gaek ought to go back to East India and let one of those earthquakes do business with him.

VIGOROUS CAMPAIGN

Democrats of New Hanover Being Admonished to Pile Up Old-time Majority.

IMPORTANCE OF REGISTERING

Postal Card Notices By Executive Committee Urging Registration for Last Day—Speeches and Rally Next Week.

If a full Democratic vote is not polled in New Hanover county in the forthcoming general election, the fault will not lie at the door of Chairman William J. Bellamy and the newly elected Democratic County Executive Committee. Any sort of an aggressive campaign after the primary for nominations in New Hanover is new for the reason that after the nominations are made the election of the nominees is certain, however small a vote may be cast on the day of election. Until the present year there has never been a campaign for majorities. This year it will be different. New Hanover has suffered in the past by having its county representation in conventions cut down because of the small vote on election days and the Executive Committee now in charge has determined that it shall be so no more. To-morrow is the last day of registration and Chairman Bellamy finds that many Democrats have not been registered even, many of them laboring under the impression that they registered for the primaries and it will not be necessary to register again. To disabuse the minds of voters on that score, Mr. Bellamy has caused to be made a transcript of the voters who registered for the primaries but have not registered for the general election. Yesterday over 750 of these were notified by postal card through the mails that their names are not on the books and that the matter should be attended to at once. The cards will be mailed as far as possible so that they will reach the addressed on Saturday morning, the last day of registration. On the card is given instructions how, when and where to register with a parting admonition not to forget to vote on election day. The idea is a capital one and will no doubt result in bringing out a much fuller Democratic vote than ever before since it became not necessary to vote full strength to carry the ticket.

There are yet to be a number of speeches in the campaign and the Democrats will be exhorted to cast their votes for reasons that will be cited. On next Monday night, in the Court House, Hon H. L. Cook, a prominent candidate before the Fayetteville convention for the nomination for Congress in this district, will speak and on Wednesday night Hon. H. L. Godwin, the nominee, will be heard. On Friday night of this week Chairman Bellamy and the committee are arranging for a general rally of the Democratic forces of the county in every ward in the city. Visiting and local speakers will address the voters simultaneously in different parts of the city in the open air and there will be other features to attract the crowds. On this occasion Mr. Godwin and Solicitor Rodolph Duffy have promised to be present and speak. Both will be heard with much interest.

All over this Congressional District able Democratic speakers are shelling the woods and the Democratic majority is expected to be fully up to the old-time limit. Mr. Godwin and Hon. N. A. Sinclair are making a casvass of the district together and Hon. J. A Brown, this week is speaking at a number of appointments in Robeson county. Hon. Jno. D. Bellamy will speak at Duke, Harnett county, Saturday night and possibly at other places to be named later. Hon. G. B. Patterson has appointments to speak at Southport on the night of Nov. 2nd., and at Shallotte the following day. Other appointments have been previously published. Brooke G. Empie, Esq., of this city, went over to Vineland last night and addressed the voters there. He will speak at Old Dock, in the same county, Friday at 11 A. M. and at Honey Hill, Hickman's School House, the same night.

Death of an Infant.

Friends of Mr. and Mrs. D. H. Herring, No. 804 South Front street, will sympathize with them in the death of their infant which occurred yesterday afternoon at the family home. The remains will be taken to Warsaw, N. C., for interment this morning.

A WOMAN BURGLAR

Kate Fisher, Notorious Character, Charged With Breaking Into Section Master's House While Escaped from County Farm.

Kate Fisher, a notorious colored woman of this city whom the police and Superior Court authorites appear to be unable to curb, is probably in trouble now that will rid the community of her presence for some time to come. She has been confined for a week or two at the county farm under sentence from the Mayor's court for some trifling offence. Tuesday night in some way she managed to escape from the stockade on the farm and went prowling around the country. Coming to the house of the Atlantic Coast Line section master at Wrightsboro late the same night, she broke in there and was plundering through the house when the section master and his family awoke. The man of the house grappled with the colored woman in the dark and finally succeeded in locking her up in an outLouse until morning when she was delivered to Justice of the Peace Herbert Johnson, of Cape Fear township.

Mr. Johnson realized that he had an elephant on his hands and for the time being carried the prisoner back to the county farm and delivered her to the authorities there. The offence, however, was of such a grave nature that yesterday he came to the city and issued a warrant for the woman charging her with burglary.

The warrant was placed in the hands of Deputy Sheriff Jno. W. Smith and he will go out to the farm to-day and bring the woman in to jail or will have her closely guarded at the farm until she can be brought in for the Superior Court and placed on trial for her life.

The woman is very insolent and abusive and is altogether one of the toughest characters with whom the local officers have to deal. Her motive in entering the house of the section master is not known, but as the entrance was by force, it is presumed that the capital charge of burglary will be preferred against her. A woman on trial for burglary will be unique in the history of crime in this State.

MR. F. C. WEST APPOINTED.

Becomes Travelling Passenger Agent of A. C. L. in New York.

It is announced officially that effective October 29th., Mr. F. Carley West, of this city, is appointed Travelling Passenger Agent of the Atlantic Coast Line with headquarters temporarily at 1218 Broadway, New York city. Mr. West expects to leave Saturday for his new post of duty. Hundreds of friends here will regret exceedingly to learn of his intended departure but at the same time will be gratified to know of his promotion to one of the most important positions in the department of the service to which he is assigned. Mr. West has been connected with the Passenger Department of the road in this city in an executive capacity for a number of years and during that time has made a great many friends socially and in a business way.

It is announced that Mr. L. P. Green, city ticket agent of the A. C. L. in Wilmington, will succeed Mr. West in the Passenger Department of the system and that Mr. Green will be succeeded as ticket agent by Mr. J. D. Edwards, who returns to his "first love" after an experience of several years in other fields. Both are very competent men and the Passenger Department could not have made better selections for the places to be filled.

Golf Club Opening.

The formal opening of the Golf Club which was postponed from last Saturday on account of the inclement weather, will take place to-morrow afternoon, the special event being a men's handicap tournament. There are about 15 entries and a most interesting contest is promised. The links have been put in excellent condition during the Summer and members will find the improvement quite pleasing in every respect. Tea will be served by the ladies in the club house during the afternoon.

TO SAVE MUTINEERS

Supreme Court of United States Will Be Petitioned for Leave for New Trial.

MR. PESCHAU IN WASHINGTON

Point on Recently Discovered Decision Will Be Argued on Monday—Trial Judge to Hear Motion—Citizens Interested in Case.

A question of jurisdiction has been raised by which it is thought that it is entirely within the range of possibility that a new trial may be granted for Robert Sawyer and Arthur Adams, the negro mutineers in the county jail here under sentence to die next Thursday. George L. Peschau, Esq. of counsel for the prisoners, has been in Washington since the first of the week and on next Monday will appear before the Supreme Court of the United States and ask for leave for Judge Purnell, of the District Court here, to hear a motion for a new trial upon the ground of the newly discovered evidence in the confession of Henry Scott, who was hanged for his part in the crime aboard the schooner Berwind last July.

The authority for this request of the Supreme Court was discovered by Mr. Peschau a day or two after the Presidest finally decided not to interfere further with the execution of the men and a number of leading attorneys of the Wilmington bar to whom Mr. Peschau cited the decision, have confirmed his conviction that his position on the matter is entirely tenable.

Armed with the newly discovered decision of the United States Supreme Court, Mr. Peschau left Monday for Washington and has associated with himself the law firm of Blair & Thoms, of Washington, to present the matter before the Supreme Court on Monday. It is held by Mr. Peschau that after the negroes were tried and found guilty and sentenced, the confession of Scott came, which was new evidence, and that the proper course then was for the Supreme Court of the United States to grant leave to Judge Purnell to hear a motion for a new trial, upon the grounds of the newly discovered testimony. The decision cited by Mr. Peschau, it is said, fully covers this point and he has every reason to believe that it will be sustained. Should he be successful in this effort the Supreme Court would be asked to grant a stay of execution to the men until the motion for a new trial could be heard by Judge Purnell. If this should fail because of a question of jurisdiction of the Supreme Court to interfere with the sentence, the President himself would be asked to grant a stay of the execution until all the facts could be brought out.

Mr. Peschau without remuneration for his professional services and solely because he is deeply convinced of his clients' innocence, has worked on the case vigorously. The expense of this last appeal has been borne by a number of gentlemen in the city who are impressed in the same manner as Mr. Peschau and have contributed to the cause. An opportunity may later be given for others to contribute to the effort. Should the move be successful before the Supreme Court of the United States Mr. Peschau will go before Judge Purnell with a large number of affidavits and it is believed that if it is consistent with the law, the new trial will be granted. The indications at present seem to point to at least a stay of the execution from next Thursday. Mr. Peschau has worked faithfully on the case and there are many who, on his personal account, hope that his point is well taken and that he will be successful.

AT THE THEATRE.

Mr. Mansfield and Company Playing to Large Audiences.

The engagement of Mr. Robert A. Mansfield and company at the Academy of Music is proving a wonderful success and large audiences are greeting the players nightly. The specialties are exceptionally good and are always encored. The engagement of the company will come to a close with two engagements to-morrow, matinee and night. To-night the bill will be "His Only Crime," a story full of human interest and put on with special pains by the company.

To-morrow afternoon at the matinee the bill will be "The College Boy," which will be found especially pleasing to ladies and children.

AFTER THE VAGRANTS

Number Arrested But Few Convicted On Account of Difficulty of Proof—Session of the Police Court Yesterday—Other Notes.

Vagrants again occupied the centre of the stage in the police court yesterday, but the convictions were largely of women. The single exception was Lewis Williams, an able-bodied laborer whom Officer C. E. Wood had picked up at Seventh and Howard streets. He first entered the plea that he worked at the George L. Morton naval store yard, but when required to show his hands by the Mayor, who remarked that he saw no evidences of tar or rosin there, the prisoner said that he had worked there about a year ago and had been under treatment for his nerves lately. The Mayor inquired what physician he was under and being informed that it was young Dr. Mask, who had been dead for more than a year, forthwith sentenced Williams to 30 days on the roads.

Bertha Boon and Mary Carter, charged with vagrancy, were each given 30 days on the farm. Josephine Pigford proved that she had legitimate employment for at least a part of the time and was discharged. Julia Bradley, charged with disorderly conduct, was fined $5 and costs. Joe Quince, colored, received the same for being drunk and disorderly.

Mr. W. E. Worth, president, and Hon. Jno. D. Bellamy, counsel, appeared and answered to the charge against the Wilmington Sewerage Company for maintaining a nuisance in the vicinity of Tenth and Market streets. They waived examination and gave bond of $25 for appearance in the higher court. In the meantime it stated that a new main will be laid along that section of street so as to permanently remedy the trouble.

The only other case before the Mayor of any interest yesterday was that of Messrs. J. M. Moore and J. B. Rudisell, who had a personal encounter of small proportions on Princess street, near Second, Wednesday. They were each let off with the costs.

The police are continuing their war against vagrancy. Officer C. G. Jones yesterday afternoon at Sixth and Brunswick streets arrested two stalwarts, who gave the names Lewis Smith and Joe Gilyarde. They will tell their troubles to the Mayor at noon to-day.

RED MEN ENTERTAINED.

Delightful Trip Down the River Yesterday—Visitors Return.

The distinguished visitors who were here Wednesday for the laying of the corner-stone of the handsome new Red Men's wigwam on North Front street were entertained yesterday by the committee on a delightful trip down the river to Southport and Fort Caswell, being at the latter place guests of Watcoosa Tribe, which is composed largely of soldiers from the army post there. There were about 75 in the party of excursionists including not a few of the family and friends of the Red Men. Luncheon was served on board and the visitors were shown over the mammoth fortifications of Uncle Sam at the post. The party returned to the city about 4 o'clock yesterday afternoon and Hon. Thos. K. Donnalley and many of the visitors left on the evening trains for their homes.

Mr. Wishart and Bride.

Wade Wishart, Esq., a leading member of the Lumberton, N. C., bar, and bride, nee Miss Emily McRackan, of Whiteville, were guests at The Orton yesterday and left yesterday afternoon for their home at Lumberton. Mr. and Mrs. Wishart were married at 11 o'clock Wednesday morning at the home of the bride's parents, Mr. and Mrs. E. J. McRackan, in Whiteville, and came over on the afternoon train to Wilmington. The bride is one of Whiteville's most attractive young women and the groom is to be congratulated upon his good fortune in winning her heart and hand. Mr. Wishart formerly practiced law at Whiteville, but for the past several years has been at Lumberton where he has built up a large and remunerative practice.

Funeral of Miss VanBokkelen.

The funeral of the late Miss Caroline Burgess VanBokkelen, whose death occurred rather suddenly on Masonboro Sound Wednesday night, will be conducted to-day at noon from St. James' Episcopal church. Rev. A. W. Seabreeze, rector of St. Paul's will officiate in the absence of Rev. Mr. Hogue. The pall-bearers will be Messrs. William Latimer, Clayton Giles, Jr., W. L. Parsley, J. Wallace Carmichael, M. S. Willard and Dr. Pride J. Thomas.

SERMON TO PYTHIANS

Large Gathering Last Night to Attend Special Service at First Baptist Church.

PROGRESS OF THE REVIVAL

Eighty-five Accessions to the Membership—Dr. Hamilton's Woaks to Brother Knights and the Lessons Taught By Degrees.

It was announced at the First Baptist church last night that the protracted meeting would not be brought to a close before Sunday night and possibly not then. The meetings have been more generously blessed than any which the church has had in years and it is with reluctance that the thought of bringing them to a close is entertained. Daily accessions are being made to the ranks of the membership, the number of additions now about eighty-five.

The announcement that the evangelist would preach to the Pythians drew a large number of the Knights to the church last night. The sermon was an excellent one. The theme was appropriate and the sermon carefully thought out and delivered with great earnestness.

Dr. Hamilton spoke on the "Three Degrees of Christianity," selecting his texts from three passages of Scripture: Colossians 1:27; Matthew 19:20, and Mark 10:21. He dwelt especially upon the mysteries of the several degrees attained by the Christian, pointing out clearly and concisely the only way by which those mysteries could be revealed. "Unless," he said, "you make a full surrender to God and allow him to reign supreme in your heart, the secrets of these degrees will never be opened up to you."

The three degrees he mentioned were: First, that of the penitent Christian; second, the conquering Christian and third, the glorified saint.

This morning at 10 o'clock Dr. Hamilton will speak on "The Surrendered Life." To-night he will preach at the 7:30 o'clock service.

The audience last night numbered a great many Pythians, several of the lodges having sent written notices to members, accompanying the notice with a bit of ribbon to be worn entitling the wearer to reserved seats in the church and facilitating the work of the ushers.

SAD DEATH OF YOUNG MAN.

Mr. Dade Smith Passed Away Rather Suddenly Last Night.

Many friends in this city will regret exceedingly to learn of the death of young Mr. Dade Smith, a son of Mr. W. R. Smith, janitor at the City Hall. Young Mr. Smith passed away at 10:45 o'clock last night at the family home, No. 820 North Fifth street, after a brief illness. He would have been 25 years of age on the 22nd, of next December and was highly esteemed by a large number of friends in the city. He was employed for a while by the Consolidated Company and was among the youngest of a family of seven brothers and two sisters. The bereaved parents and the sorrowing ones have the tenderest sympathy of many.

Young Mr. Smith was a member of Eyota Tribe No. 5, Improved Order of Red Men, and the funeral will be conducted with the honors of that order from the residence at 3:30 o'clock this afternoon. Members of the tribe and all other Red Men are requested to assemble at their hall this afternoon at 2:30 o'clock for the purpose of attending the services in a body.

Appraisers Make Report.

Messrs. James Sprunt, Martin S. Willard and A. S. Heide, who were appointed by the Federal Court to appraise the value of the schooner Job H. Jackson, which was brought into Southport by the Merchants' and Miners' steamer Merrimac, after the recent storm, and which was libelled by that vessel for salvage charges, yesterday made report to the court, placing the value of the schooner at $2,250 and the cargo of 336,000 feet of lumber at $3,360, the rate being $10 per thousand. As the schooner was picked up abandoned at sea, it is presumed that nearly all of this will be claimed as salvage.

Real Estate Transfers.

By deed filed for record yesterday W. A. Brown and wife transferred to E. L. W. King, for $600, property on south side of Wooster, 30 feet west of Seventh street, 33x66 feet, in size, and R. M. Wescott and wife transferred to R. A. Parsley, for $1,000 and other considerations, property on east side of Fourth, 132 feet south of Orange street, 66x165 feet in size.

ESSENCE OF SOCIALISM.

It is regretted that the question of government ownership of railroads was sprung in this campaign, for while it is by no means an issue it has been a disturbing factor. However, it were better to have had the question brought up now than two years hence when the Presidential campaign is on. It will give people time to think over the matter, but so far as that is concerned the South is ready now to let it be known where it stands.

Some Southern leaders have already pronounced against it, and at a banquet at Dallas, Tex., on Wetnesday night, Senator Culberson, one of the ablest men of the United States Senate, took the same position towards it as the Hon. John Sharp Williams, of Mississippi. Our Associated Press dispatch told us that at a banquet tendered by the citzens of Dallas to the next Texas Legislature, Senator Culberson vigorously opposed government ownership of railroads as proposed by Mr. Bryan two months ago. The cheering throughout his remarks was general. Declaring that the future of the Democratic party depends upon its adherence to its fundamental principles and especially opposition to paternalism and centralization, Senator Culberson said that great as have been the offenses of the Republicas party, any single proposition in its history is as naught compared with the policy of government ownership and operation of all railroads. Senator Culberson declared this principle was first announced in the platform of the Populist party, and declared that the measure involved the most advanced and aggravated form of patersalism ever offered under a free government, except, perhaps, its companion Populist measure, the sub-Treasury Sen. Culberson declared that the doctrine, if applied, will eventually lead to government ownership of every business susceptible of monopoly. He even characterized it as "the essence of Socialism."

While government ownership is not an issue it has been more or less discussed by the speakers in this campaign. Democratic speakers have generally ignored it but Republican speakers have discussed it with the evident inteention of saddling it on the Democracy as one of its tenets. The question was merely sprung by Col. Bryan and is no more a Democratic measure than tariff reform is a Republican slogan because Secretary Taft some time ago announced that he was for revision of the tariff. When a National Democratic convention adopts a government ownership plank in its platform—which it will never do—then that will be another thing.

TO ENCOURAGE SHORT STORY WRITING.

It is gratifying to note that the North Carolina University takes the lead in a movement to encourage short story writing in the South. A dispatch from Chapel Hill on Wednesday says:

"The Southern Inter-Collegiate Short Story Contest has been launched from the University with a membership of nine of the principal colleges of the South and with the prospects that it will ultimately include at least as many more. Each college entering the contest will contribute a stipulated amount of the prize money, which, at the end of the session will be divided into two parts and awarded to the writers of the two best stories printed in the college magazines. The prizes will amount to something like $75 or $100 each. This contest, it is confidently expected, will arouse more interest in short story writing in the South. Many magazine editors have complained of the lack of interest among students in literary work, and have attributed it to various causes. All three of these branches in which a student may exert himself—athletic, debating and literary work—now offer the reward of inter-collegiate contests to the colleges represented in the association."

The prizes for this contest will be some incentive to college men to try their hand at writing, although the prizes should be twice the amount. The contest between the colleges will be confined to the students, but we have no doubt if some movement were set on foot outside of college circles for the encouragement of literary production, we would be astonished at the result. When we make it worth while for people to write we are liable to discover more than one genius in the South.

NEW KIND OF A DEMOCRAT.

The Norfolk Virginian-Pilot in an editorial says:

"All kinds of folks are claiming that all sorts of things are true Democracy this year. Mr. Moran, who was the nominee of half a dozen other so-called parties, succeeded in obtaining the endorsement of the Democratic convention of Massachusetts.

"In his speech of acceptance he vehemently approved the Republican promise to discipline the Southern States which have purged their electorates of the mass of negro voters. He declared that 'It is the duty of the Republican President and Congress to take action to re-enfranchise these people, or reduce the fraudulent representation of the offending States; and if they do not, they will brand themselves with their own dishonor.'

"Here is another so-called Democrat, making his own platform in defiance of the Convention which made him a candidate, yet claiming support on the score of party loyalty to the 'regular' nominee."

The campaigns in Massachusetts and New York have developed some curious situations. A lot of people will be a long time wondering how it was that Hearst in New York and Moran in Massachusetts captured the Democratic State conventions.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

CURRENT COMMENT.

—"Some people are such poor artists that they can't even draw a conclusion," says The Wilmington Star. And yet most of these can draw salaries.—Charlotte Observer.

—Tim Woodruff, chairman of the Republican committee in New York, says that "80 per cent. of the campaign funds in former years came from the corporations." At last, Judge Parker may consider himself vindicated.—Washington Post.

—The Bureau of Statistics has produced figures to show that wages have increased 21 per cent. in eleven years, while the cost of food has increased only 12 per cent. The figures, it will be observed, are prepared by statisticians and not by the grocers or the wage-earners.—Washington Post.

—The country spent in 1905 $771,000,000 for beer, $567,000,000 for whiskey and $96.000,000 for wine, an aggregate for alcoholic drinks of $1,324,000,000. The total for tea, coffee and cocoa was $220,000,000. This is an improvement on the story of the caterer of the fishing party who spent $1 for whiskey and 5 cents for bread and was criticised for spending so much for bread.—Macon Telegraph.

—The truth is that Jefferson Davis was "a self-made man" in the strictest and most practical meaning of the term. He went from Kentucky to Mississippi with no prestige of family influence or illustrious ancestry. He was a man of brains address, self-confidence and indomitable courage. He rose from obscruity to fame and power by his own unaided genius. His memory needs no promotion at the hands of romance and hysteria.—New York Sun.

—Motais has been prescribing fir fifteen years in cases of ultra-sensitiveness to light glasses of a yellowish tint, slightly orange, with a brownish tint on reflection. They increase tre perception of light, while soothing the eyes. The yellow tint evidently prevents the passage of the chemical rays to some extent. These yellow glasses, he states, will be found far superior to smoked or blue glasses, while they do not impair the vision. When they are taken off even the most brilliant sunlight seems dead and lifeless in comparison.—American Journal of Homeopathy.

—Mr. Bryan's friends have cause for rejoicing that his offer to help Mr. Hearst in New York was declined. And let us hope that even Mr. Bryan, who has stated so frequently that the only way to control trusts is to "bust" them, has changed his mind about Hearst since it has been so clearly shown that he is the promoter of one of the typical corporations known as trusts—organized to avoid responsibility and escape taxation. Mr. Brayn is at least sincere and he probably did not know what he was doing when impulsively he declared for the yellow journalist.—Chattanooga Times.

ROCK CLIFF LITHIA SPRINGS WATER.

READ WHAT ONE OF THE MOST NOTED CITIZENS OF SOUTH CAROLINA HAS TO SAY OF THE F AMOUS ROCK CLIFF SPRINGS WATER.

Spartanburg, S. C., July 24.
To Rock Cliff Lithia Springs Co.:

Gentlemen:—This will certify that I was severely afflicted with a serious case of erysipelas, that confined me to my bed for about six months or more, with daily attendance of my physician, and which eventually settled in my left leg and became so severe that a consultation of three physicians was held and the decision reached that the lower part of my leg would have to be amputated to prevent the disease extending to the upper part of my leg and body. I declined the operation and was advised to try Rock Cliff Lithia Springs Water. I engaged board near the spring and was advised to bathe my leg in the water, at the same time drinking freely.

This application soon soothed the pain, and for the first time in months previous I slept for about two hours. After a week's treatment, without any medicine or physician's help, I walked to the spring on crutches. I continued the treatment daily, and within two weeks was able to walk to the spring without crutches and in four weeks was able to walk home, a distance of 1½ miles, and resume my official business.

I was permanently cured by the use of the water, and take great pleasure in giving you this testimonial to the efficiency of the Rock Cliff Spring Water in the treatment of erysipelas.

SPIRITS TURPENTINE

—An election has been called at High Point for December 4th to vote on a proposition to subscribe $75,000 for the Thomasville, Glen Anna and Pedee Railroad.

monson, secretary to the grand lodge, is the promoter of the new organization. Some 40 representatives from different parts of the State were present and took part in the instituting exercises.

—Charlotte Observer, Oct. 25: For several weeks past the owners of the Central Hotel have been advertising in well-known Northern hotel papers for a lessee for the Central next year. Several prominent hotel men have been in the city recently to look over the property and consult with Brown & Company relative to the terms of the lease. Rumor has it that Harvey & Wood, the lessees of the new Selwyn, are also bidders for the Central.

—Newbern special, Oct. 24.—The year-old child of Asa W. Lee, living at Dawson's Creek, Pamlico county, died yesterday from a mad-cat's bite. The little one was innocently playing with a pet cat and had been doing so for quite a long time when the animal turned and scratched and bit furiously, showing every sign of rabies. Treatment was given the child, but the injuries were severe and the disease spread rapidly, death ensuing in about 24 hours.

—Durham special, Oct. 24: The mayor had 11 whiskey cases this morning and 10 of the 11 cases were sent up under bonds that aggregated $1,000. The eleventh case was continued until to-morrow morning. This was the result of the raids on blind tigers yesterday afternoon and last night. The trial of all these blind tiger cases had the effect of drawing a large crowd and the mayor's office was crowded almost to suffocation.

—High Point, special, Oct. 24: Minnie Stewart, alias Minnie Hudson, a demimonde from Charlotte, was arrested here yesterday at the request of Chief Irvin, of that city. The woman has been here several days, and was charged with stealing three gold rings, a silver-handled umbrella and other articles. The officers here were notified to let her go upon the possession of the stolen goods, which was done, but not, however, before she was admonished to leave town at once.

Newbern special, Oct. 24: Hon. Charles R. Thomas has completed his campaigning in Carteret and Onslow counties and is now touring Sampson county. He will have a number of joint debates with his opponent, W. R. Dixon. He expects that he will have his district well canvassed before the election. He has conducted his campaign to the entire satisfaction of the party in his district.

—A colored lodge of the Knights of Pythias was instituted at High Point on Tuesday night. Jesse Ed-

—Greensboro special, Oct. 24.—The date for the McIver memorial meeting has been fixed for Nov. 20th in the auditorium at the State Normal and Industrial College. The principal speakers will be Dr. E. A. Alderman, president of the University of Virginia, and Mr. Wallace Buttrick, secretary of the general educatios board, of New York, though a large array of prominest educators from this and other States will be present and participate. The board of directors of the institution will be present and hold a meeting and elect a president of the college.

—High Point, special, Oct. 24: The city of High Point is thinking strongly of owning her own electric light plant in its entirely. This matter was brought up at a meeting of the board of aldermen last night and a committee was appointed to look into the cost of an outfit and site and report at a future meeting. As it stands the city owns her lights and wires and other equippment, including a dynamo, but the power is furnished by a company. The water-works is owned entirely by the city and it is thought that public ownership of the electric light plant is the thing.

—Charlotte Observer: The attention of the few people on the streets yesterday morning about 4:30 o'clock was attracted by scores and hundreds of small birds that chirped as they circled around the electric light sign above The Observer biulding. The men who get out the paper were just leaving the building and they found a number of people on the street watching the birds. Finally one flew against the frame work supporting the lights and was so badly wounded that it fell. Mr. R. W. Vincent, the Observer's ornithologist, pronounced it a rice bird, Bob-o-link. And the congregation remembered that this is the season these juicy little birds migrate.

—Asheville special, Oct. 24.—The Asheville Retail Merchants' Association has inaugurated a campaign to secure another railroad for Asheville and whether the organization's efforts will be crowded with success or not there is much enthusiasm already manifest and if the Seaboard Air Line or any other railroad desires entrance into this city it will be given the glad hand of the merchants and all the aid financially and morally that the association can command. The newspaper stories and semi-official statements that the Seaboard Air Line desires to enter Knoxville, Tenn., and thence reach the coal fields of Tennessee with an outlet through Sevierville over one of several proposed routes, set the Asheville merchants a-thinking and, as a result, the matter was taken up at a recent meeting of the association and a committee appointed to represent the association and to push the new railroad project.

—Fayetteville special, Oct. 24: Great crowds have thronged the fair grounds to-day and, with good weather, the attendance will be increased to-morrow. The parade was led by Chief Marshal Armfield and staff. The music was by the Holt-Morgan band. It was a spectacular procession of beautiful flowers and elegant turnout. To-day's races resulted as follows: In the country race, the first heat resulted as follows: Spot, Lee McLaurin, first; King, W. M. Martin, second; Bessie, T. M. Green, third; Maud, J. C. Jackson, fourth, and Blue Bell, W. L. Peoples, fifth; time, 2:52. Maud J. and Blue Bell distanced after the second heat. In the 2:25 trot the first heat resulted as follows: Capt. Cook, C. Dyer, first; New York Lady, Palmer, second; Agile, A. Haigh, third, and Dillon, Cape Fear Stock Company, fourth. Won by Capt. Cook Gray Gelding; time, 2:31 1-2, 2:26 1-3, 2:32 2-3.

—Selma special, Oct. 24: Senator Lee S. Overman addressed two audiences in Johnston county yesterday, one at Benson in the morning, where he met the county candidates with Hon. E. W. Pou, member of Congress from this district, and addressed a large crowd of both Democrats and Republicans; the other at this place at night, where he addressed a representative body of ladies and gentlemen who filled the opera house almost to overflowing. Senator Overman appeared at his best at this place and made a powerful speech, as is characteristic of the man. His convincing argument has done more to strengthen some of the weaker Democrats than any other event in the whole campaign. One old-time Democrat who, on account of local conditions, had almost sworn he would vote the entire Republican ticket this year, told me after hearing this speech that it was like hearing the old-time religion preached, that while he knew the Democratic party had made some mistakes, still it was the only party he could vote for, therefore, he would continue to vote the straight ticket. Besides this one incident this speech had a very soothing effect on the people of this section.

—Spencer special, Oct. 24: The Southern Railway received another car load of machinists at its Spencer shops last night, which, with the two car loads previously received, gives the shops here 77 new machininsts, exclusive of about 60 helpers and apprentices. This number is still far below the working force of the shop, but it is stated that daily shipments will be made from Northern points until a full quota is obtained. There is no prospect for a sympathetic strike. All other trades at Spencer have decided to keep hands off in the present trouble with the machinists. This, it is understood, will apply to all shops on the Southern system, as Spencer is being made the fighting ground in the strike. It is learfned that the various trades represented are in deep sympathy with the strikers, but are much disappointed at the refusal of the machinists to accept the plan of arbitration as offered by the Southern officials as a means of settlement. Master Machinac W. S. Murrian, of the Spencer shops, has been waited upon in the past few days by a number of his former employes, who expressed regret at the action taken by the machinists against arbitration, saying they did not fully understand the proposition.

NEWS OF THE SHIPPING.

Arrivals and Departures From The Port Yesterday—Cargoes.

The big British steamer Rubens, 2,242 tons, Capt. French, a brand-new vessel of the latest type, arrived yesterday from Buenos Ayres via Newport News, and has taken a berth at the Champion Compress for cargo of cotton. The big steamer was berthed by Capt. J. H. Williams, of the steamer Navassa, which is being used while the Marion is laid up and while Capt. Edgar Williams is sick.

The Baltimore steamer George W. Weems, Capt. Hudgins, was in port yesterday having been delayed several days on account of the storm. She proceeded to Georgetown, S. C., yesterday afternoon.

It was reported yesterday that Frying Pan Lightship, after refitting at Charleston, S. C., had been towed back to her station by the Buoy Tender Wistaria. The vessel was broken adrift by last Saturday's storm and was taken into Charleston by the Wistaria.

The schooner Stanley H. Minor, Capt. Dunton, cleared yesterday for New York with a large cargo of crossties consigned by J. C. Stagg, agent for the Eccleston Lumber Company. The schooner Everett Webster was cleared for New York with cargo of lumber from the Angola Lumber Company.

FUNERAL OF MR. MALLETT.

Services From St. James' Church in This City Yesterlay.

Impressive funeral services were conducted from St. James' Episcopal church at 11 o'clock yesterday morning over the remains of the late Mr. James Fleeming Mallett, whose death occurred in New York Monday night. The services, in the absence of the rector, were by Rev. James Carmichael, D. D., assisted by Rev. T. P. Noe. A large number of friends were in attendance upon the obsequies and a number of beautiful floral designs were laid upon the casket. The interment was in Oakdale cemetery, the pall-bearers having been Messrs. T. B. Willard, Clayton Giles, Jr., Norwood Huske, George W. Kidder, S. P. Cowan, Jno. S. Armstrong, Jno. E. Crow and William Latimer.

Accompanying the remains of Mr. Mallett from New York were the bereaved widow and Dr. George H. Mallett, a brother of the deceased. Col. Peter Mallett was spending some time in this city a guest of his daughter, Mrs. Gabriel Holmes, when the news of the death reached him.

McKanna Club Meeting.

At a called meeting of the McKanna Club held last night in its hall in the First Baptist Church, the Executive Committee of the Club reported that they had received one application for the Three-Day Liquor Cure and the applicant had been to the sanitarium at Reidsville and taken the cure. The gentleman was present and after having been elected to membership in the club, stated that he was well pleased with the treatment and felt sure that the cure was complete. The amount necessary for this purpose was raised by voluntary contributions of the members of the club and parties outside.

Fort Land Claim.

Major M. F. Harmon, United States Army, returned to the city yesterday morning from Fort Caswell and filed the answer in the suit brought against him, as representative of the Government in the Federal Court there, for a certain portion of Fort Caswell reservation, which suit will mean if the United States loses the property claimed it will be condemned and purchased. The plaintiff, T. M. Thompson, of Southport, claims something like three hundred acres of land, or a part known as Oak Island. The government enters a general denial of the claim of the plaintiff.

"THE ONE WOMAN COMPANY."

Wilmington Next Saturday Matinee and Night—Flattering Offer.

Mr. Heber McDonald, advance representative of Thomas Dixon's "The One Woman Company," which comes to the Academy of Music for matinee and night performance next Saturday, arrived in the city yesterday and is making arrangements for the coming of that big production on the date mentioned. The company has been in the South all the season and has scored an even greater triumph than did "The Clansman" by the same playwright, last season. As an evidence of this Mr. McDonald upon his arrival in the city last night received the following telegram from Mr. Forrest G. Hamrick, manager of the company, at Winston-Salem:

"Winston-Salem, N. C., October 24. —Dixon to-day refused offer from New York syndicate of hundred thousand cash bonus and five per cent. royalty for his interest in Clansman and One Woman. Clansman paid him more than this last year. One Woman even bigger success.

"FORREST G. HAMRICK."

"The One Woman" Company has received nothing but the most flattering press notices in Charlotte, Asheville, Raleigh, Greensboro and other places where it has been seen this season. It is expected that there will be quite as big a rush for seats this year as there was for Clansman last year.

New Superintendent for Swift Works.

Mr. Harry Bates, of Chicago, has arrived and will be in charge of the new Swift fertilizer factory up the river as superintendent. Mr. Bates is regarded as one of the best men with the Swift people and is well pleased with the new factory, which was built by Mr. B. H. Stephens, of Chicago. It will be ready for operation partially in about 30 days. Mr. Bates and his family will be permanent residents of Wilmington and the city is glad to welcome them. The new factory will be one of Wilmington's most important enterprises.

FUNERAL OF MRS. BLATS.

Impressive Services From Residence Yesterday Afternoon—Interment.

In the presence of a large number of friends of the deceased and family, impressive funeral services were conducted at 4 o'clock yesterday afternoon from the residence, No. 417 North Third street, over the remains of the late Mrs. Henry K. Blats, whose sad death occurred on Wednesday. Rev. Fred D. Hale, D. D., pastor of the First Baptist church, conducted the service, assisted by Rev. N. M. Watson, pastor of Grace M. E. church, and the funeral hymns were sweetly rendered by a special choir. A large number of very pretty floral designs were laid on the casket as a last sad tribute from friends to one whom they loved and admired. A number of the friends and associates of Mr. Blats also sent especial designs.

From the residence the funeral party moved slowly and sadly to beautiful Oakdale cemetery where the remains were tenderly laid to rest. The pall-bearers were: Honorary, D. T. B. Kingsbury and Mr. R. P. McClammy; active, Messrs. George E. Leftwich, R. E. Blake, J. W. Smith, K. W. Price, E. F. Johnson and Dr. W. T. Smith.

REV. J. A. SMITH IN WALLACE.

Successful Revival Meeting in Progress in that Town.

(Reported for The Star.)

The Baptist church in Wallace, Duplin county, of which Rev. J. A. Smith, of Wilmington, is pastor, is now in the midst of a great revival meeting and deep interest is being manifested by all the citizens of the town and surrounding section. The services are being conducted by the distinguished evangelist and pastor, Rev. John T. Jenkins, of the First Baptist church of Wilson, N. C. Rev. Mr. Jenkins is preaching powerful sermons and great and lasting good is being accomplished.

Last night he preached a grand and convincing sermon from John 3:14—"And as Moses lifted up the serpent in the wilderness even so must the son of man be lifted up that whosoever believeth on him should not perish, but have eternal life." A new and novel feature in the service was the fact that during the deliverance of this sermon a brazen serpent was suspended on a pole near the pulpit and this serpent caught the eye of the vast congregation and made an impression never to be forgotten. It was a splendid illustration of the great truth so forcibly expressed by the preacher. The pastor of the church had repeated this text at the morning service and the evangelist caught an idea from the repetition of this text and had the serpent placed on the pole which had a tremendous effect.

The large tobacco ware house at Wallace is the place where the services are held. It has been well prepared with seats and lights, and the crowd is becoming so large that the seating capacity will have to be increased. This meeting promises to be the greatest ever held in this section of the State.

OLD AGE

Depends Not Upon Years, But Upon Vital Force.

At the recent convention of Physicians there was a good deal of discussion in regard to old age and the usefulness of persons over sixty years old. Some at fifty years call themselves old and really appear so, while others at seventy years seem active, vigorous and young.

It was the opinion that it was not years, but the loss of vital force that makes a person old. Weakened digestion, thin blood and poor circulation soon start functional powers and vitality on the wane, and then the symptoms of old age quickly appear, as the system then has not the power to replace waste fast enough.

Our well-known druggist Mr. Robert R. Bellamy, says: "That old feeling may be warded off and overcome, and we wish every person in Wilmington who feel old, whether they are so in years or not, would try our cod liver preparations, Vinol. We know that it has vital properties which repairs worn tissues, checks the natural decline and replaces weakness with strength. It is an ideal body builder for old folks."

This is because Vinol is a genuine cod liver medicine, containing all the medicinal curatives and strength-making elements of cod liver oil taken direct from fresh cod livers, with tonic iron added. We will return your money if it does not do exactly what we claim for it. Robert R. Bellamy, Druggist.

Note.—While we are sole agents for Vinol in Wilmington, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

RATE BILL AFFECTS EDITORS.

Can No Longer Exchange Advertising for Transportation on Railroads.

(By Wire to the Morning Star.)

Washington, Oct. 25.—Under a ruling of the Inter-State Commerce Commission transportation over railroad lines no longer may be given to newspaper publishers or editors in exchange for advertising space in their newspapers.

A protest against this ruling has been received by the Commission from the Massachusetts Press Association. The association unanimously voted to "enter its protest against the reported ruling in holding that the payment for railroad, transportation at full rates in advertising shall be treated on any other basis than that of transportation paid for in cash."

In a letter to Secretary Hefferman in response to the protest, Chairman Knapp, of the Commission says, in part, after quoting the section of the law which prohibits the issuance of free transportation or transportation paid for in any other way than in cash:

"This ruling of the Commission in no way interferes with or abridges the rights of private contracts. Newspapers and their advertising space may be freely exchanged for any species of property upon such terms as may be acceptable to the parties to the transaction, but the facilities of the public carrier are not private property, nor are they the subject of bargain and sale like merchandise. The right to travel or have property carried by rail, like the right to the common highway, is not a contract right, but a political right, the very essence of which is equality.

"Conceding that the advertising arrangements in question are ordinarily made and carried out in good faith, it seems plain that these arrangements must, as a practical matter, involve some measure of discrimination, and it is not easy for me to see how an honest newspaper can seriously object to a ruling of the Commission which appears to be in obvious accord with the provisions and the purposes of the regulating statute."

LANDSLIDE FOR SURE FOR HEARST

Democratic State Chairman Connor Predicts His Election in New York.

HEARST WILL BE SWAMPED

That is Prediction of Republicans. Both Candidate Are Campaigning Hard Reubublicas Pretend They Have No Money.

(By Wire to the Morning Star.)

New York, Oct. 25.—With Mr. Hughes in Ithica to-night and Mr. Hearst at Madison Square Garden in this city, the gubernatorial campaign of the respective candidates was carried on at widely separated points and with unabated vigor.

At Madison Square Garden there was a great gathering of union labor to ratify the nomination of Mr. W. R. Hearst by the Democratic and Independence League parties and three speeches by the candidate—one in the Garden, and two outside at either end of the big building. The crowds were enthusiastic and demonstrative, cheering Mr. Hearst whenever opportunity offered. Preceeding the meeting at the Garden there was a long parade of labor unionists.

Mr. Hughes, the Republican candidate began his speech making to-day at Binghampton where he delivered two talks to large crowds and traveled thence to Ithaca where he spoke twice to-night.

Besides the Madison Square Garden labor ratification in this city there was a Tammany mass meeting in Harlem and meetings by the judicial nominators, and the West End Republican club at other places.

At the Democratic club to-night the Tammany nominees for the Supreme bench, ten in number, were formally notified.

The State Republican committee will not send money to the up-State county chairman this year for campaign purposes as has been the cus tom in previous years, according to an announcement made to-day by Chairman Woodruff. Mr. Woodruff said that the committee has no money for that purpose this year.

State Senator John Raines, of Ontario county, who was in conference with Mr. Woodruff to-day, said that his observations throughout the State has led him to believe that "Hearst will be swamped." "All up-State where I've been or heard from," he said, "you can scarcely put your finger on an old line Democrat who is not openly for the Republican ticket. There is practically no Democratic campaign up the State."

Representatives of twelve labor unions, some of whose candidates had been off the Independence League local ticket, as a result, they asserted of a Hearst-Murphy deal, met to-day and adopted resolutions, declaring their intention to vote and work for Hughes.

Chairman Connors, of the Democratic State committee, to-night said he thought there would be a landslide for Mr. Hearst. The tide had turned towards the Independence League and Democratic candidate during the forty-eight hours, he declared, and in his opinion Hearst would have a plurality of from 150,000 to 200,000 in the State. He said he had reports from twenty counties up the State which would go for Mr. Hearst, but he declined to specify which these counties were on the ground that such publicity might tend to start the Republicans to greater activity.

Charles F. Murphy, the Tammany leader, said that the reports Mr. Connors had made to him of the conditions up the State were most encouraging. When asked about local conditions Mr. Murphy said:

"Most of the assembly district leaders have made a canvass and they report that the conditions are better than they were a year ago."

REPUBLICANS OWED TRUSTS.

Powerful Speech by Senator Rayner of Maryland in Baltimore.

(By Wire to The Morning Star.)

Baltimore, Oct. 25.—Before an audience with filled the Lyric tonight, United States Senator Isidor Rayner, delivered what will prove perhaps the most important speech of the Democratic Congressional campaign in this State. Senator Rayner addressed himself chiefly to the subject of the tariff.

The Senator quoted from the testimony of Mr. Havemeyer before the industrial commission, in which the latter is quoted as saying that "without the tariff, I doubt if we should have dared to take the risk of forming the trust; I should not have embarked in the sugar business, unless it had been protected by the tariff," and proceeded:

"Is there any wonder, I ask you, that the President was not in favor of the bill prohibiting corporations from contributing to Federal elections. It passed the Senate unanimously but it met its quietus in the House of Representatives. It would never have done to have passed this bill before an election, because where would the funds come from that will enable the Republican party to carry the elections? They must come from the corporations that are protected by the Republican party, because this is a business transaction, and the Republican party, according to its mode of ethics has a perfect right when it furnishes a man with the profits of his business to lay a tribute upon that man for the purpose of keeping it in power so that he can continue to reap a profit from his business."

INDIANS ARE TO BE ATTACKED

They Have Killed Four Cowboys—Reinforcements for Troops.

Cneyenne, Wyo., Oct. 25.—The band of Ute Indians who are to be rounded up by the United States cavalry and escorted back to the reservation, is now on Little Powder river, about forty miles north of Gillette, Wyoming, and is temporarily camped there on account of the storm.

Maj. C. H. Grierson, in command of troop M., Tenth Cavalry, who was sent to escort the Indians back to their reservation, decided, after they refused to surrender, to await reinforcements before rounding them up, and orders have been issued by Major General A. W. Greeley for the dispatching of two more troops of the Tenth Cavalry from Fort Robinson, Neb. As soon as these troops arrive at the military camp north of Gillette Wyoming, the entire battalion will move forward and surround the Indian camp on Powder river and demand the surrender of the Utes, who are 300 strong. If they still refuse to accompany the troops, an attack will probably follow. Troops today were ordered from Fort Meade, S. D., to join those north of Gillette, Wyoming.

Sioux City, S. D., Oct. 25.—Troops have been hurriedly started from Fort Meade, S. D., to reinforce the soldiers at Fort Robinson, who have surrounded the rebellious Ute Indians in Wyoming but cannot move them. A telegram to headquarters says five cowboys have been killed and a big beef herd raided. Six troops of the Sixth Cavalry have left Fort Meade and will go 135 miles to Wyoming. There are but two troops of the Tenth Cavalry at Fort Robinson.

Cheyenne, Wyo., Oct. 25.—Governor Brooks today received a report from Gillette Wyoming saying that all there is quiet. The Indians are inoffensive. No credence is given to the report that Indians have engaged a number of cowboys in battle. A similar report was circulated a few days ago.

A FEW LaGRECQUE STYLES

243

243

This LaGrecque Belt Model strongly appeals to large women because it cures too prominent abdomen and hips naturally and permanently. Dresses fitted over it keep their original style and fit to the end.

The straight front, and full cut top encourage deep, natural breathing, conform the bust to shapely lines and give the clear, bright complexion that comes through an erect poise and uncramped figure. This is a corset that can be worn with ease and benefit every hour of the day.

205

205

For slender and medium figures this new model is without a peer. It will fit better, give more style and shapelier rounded lines than any corset you have ever worn. Has short hip, well defined, clean cut waist line and front lines complying with the demand for medium high bust. The unique construction of latticed ribbons, over a fine sheer body makes it light and comfortable. Pliant to every movement of the wearer, yet more durable than many heavily built corsets. A beautiful chic model born of much study and experience.

2310

2310

Your new dress if fitted over this LaGrecque Lattice Ribbon Corset will show a stylish personality entirely missing in the sterotyped lines of most corsets.

LaGrecque Lattice Ribbon Model for medium and slender figures is the lightest weight yet durable corset made. A body of fine sheer material, latticed over with ribbons that prevent splitting or stretching, allows complete freedom in every movement—yet gives due firmness for support. Cool, light and flexible.

SIR. THOMAS LIPTON WILL RACE.

Says He Will Try Again to Lift America Cup.

(By Wire to the Morning Star.)

New York, Oct. 25.—At a banquet to-night given in his honor by the Brooklyn Yacht Club at which were two hundred representatives of the leading yacht clubs of New York and nearby ports, Sir. Thomas Lipton made the formal announcement since his arrival in America of what he intends to do towards making another effort to "lift" the Americas cup. He declared that he hoped he might be privileged to challenge for the international trophy and intimated that he would issue a challenge next year for a race, possibly in 1908 or 1909. He expressed favor with the new New York Yacht Racing Rules which he said contemplated the building of yachts and not mere racing machines.

Sir. Thomas was presented with a watch fob made of a nugget of gold, on which was enameled the pennant of the Brooklyn Club, a diamond, representing the lone star.

PYTHIAN ANTI-LIQUOR LAW.

Further Action to Bar Liquor Dealers From Membership.

By Wire to The Morning Star.

New Orleans, Oct. 25.—A sweeping anti-liquor statute was passed today by the Supreme Lodge, Knights of Pythias. The new statute is expected to bar from entry all wholesale liquor dealers and hotel keepers who run bars in connection with their hotels. With the exception of these classes, all other liquor dealers were excluded by the old statute which was suspended today. The new statute includes "profesional gambling, saloon keepers, bar tenders or dealers in spirituous, vinous or malt liquors." The most important changes in the new reading are the substitution of the word "dealers" where formerly "retail dealers" stood and the dropping of the classes "bona fide hotel keepers" which the old law specifically mentioned as eligible. The new statute does not affect any who are already members of the order.

WIRELESS TELEGRAPH FEAT.

Pensacola Talked With Ship From New York to Honduras.

Washington, October 25.—A remarkable achievement in wireless telegraphy is reported to the Navy Department from the Pensacola station. That plant has been able to keep in constant communication with the United Fruit Company steamer Persston from the time that vessel left New York until it arrived at Honduras. The station also received messages from the Preston while that ship was entering the New York harbor where she was undoubtedly batehd, in electric waves from other stations and ships. A curious fact is that the Pennsacola station has not beenu able to repeat this performance with any other steam er than the Preston, nothwithstanding the fact that the plants are alike on all the united liners.

TIN MINING IN CAROLINAS

Possibilities of Big Industry—During Past Year United States Geological Survey Has Given Special Attention to Discovery.

(Charotte Observer.)

Washington, Oct. 24.—Tin deposits of the Southern Appalachians received more attention from the United States geological survey during the past year than ever before. That part of the Carolinas which lies immediately southwest of the Blue Ridge, in what is known as the piedmont region, has long been of both scientific and commercial importance on account of the variety and abundance and its minerals. In 1824 the North Carolina geological survey with Prof. Dennison Olmstead at its head, made the first report on the minerals of that State, and South Carolina followed in 1828 with its survey.

The area under consideration centers at about the middle of the North Carolina-South Carolina boundary line and includes parts of Cleveland, Lincoln, Gaston, and Union, counties in North Carolina, and Union, Cherokee, York, Lancaster and Chesterfield in South Carolina. A well developed system of drainage is established in this region about three principal channels—Lynch, Catawba and Broad rivers.

The use of tin is steadily increasing and the demand for it is constantly growing. The United States consumes over 40 per cent. of the world's output, while the amount mined is small.

Tin was first mentioned in North Carolina in 1875 and was said to lie in good quantities in Gaston county. The first authentic discovery of the metal, however, was made some years later at King's Mountain. Robert T. Claywell, of Morganton, with Col. S. M. Tate, became interested in the matter and sent specimens to the American Exposition at Boston, and they were pronounced genuine tin. In 1894, the King's Mountain Mineral & Development Co. was formed, $5,000 was raised, and work commenced on Chestnut Ridge, near King's Mountain. Failure was the result and nothing more of consequence was done until 1902, when Capt. S. S. Ross, of Gaffney, began work near that place. The actual shipment of a carload of concentrates to England in 1905 brought the Ross mine into prominence. Early in 1904 the property was sold to its present owners, the Carolina Tin Company, of Charlottesville, Va. During the summer of 1904 the Jones, Ross and Faires mines were operated. At this time the Ross mine is in operation This tin belt extends from near Gaffey across parts of Cleveland and Gaston counties, in North Carolina, to a point four miles east of Lincolnton, a distance of 35 miles.

Good tin-bearing ore has been found on the lands of Capt. S. S. Ross, B. O. Jenkins, R. Patterson, Eph Jackson, John Kester, W. Hambright, George Patterson, Dr. J. G. Horde, J. M. Smith, W. O. Ware, E. C. Faires, L. B. Falls, Mrs. Lizzie Falls, the streets and lots of King's Mountain, Carpenter and Rudisail, J. J. Ormond, Arrowood Brothers, R. A. White, M. V. Hovis, Ramseur Mill tract, John E. Jones, Weaver, Charles Byars, A. J. Hayfield and others. These properties all lie in the belt mentioned.

The Jones mine, which was a part of the John E. Jones plantation, is situated about seven miles from King's Mountain and three miles from Bessemer City. The mine is owned and operated by the Carolina Tin & Development Co., of Charlottesville. Active work, attended with gratifying results, is now being carried on in this district, and considerable development work is being done by a new company just north of King's Mountain.

The Faires mine is located on the property of E. C. Faires, about one mile from King's Mountain. The Charlottesville company holds an option on it, and considerable preliminary work has been done.

The most important of these mines, the Ross mine, is on the property of S. S. Ross, one and a half miles from Gaffney. One carload of nearly 20 tons of ore was shipped to England in 1903. More was sent in 1904 and some is on hand now. The average content of these concentrates was about 66 per cent. metallic tin.

The only production from the Carolina tin belt of which there is an accurate record is that of the Ross mine. This amounted to 38,371 pounds of casserite and concentrates in 1903, and 35,925 pounds in 1904. On the assumption that the entire output to date has averaged 66 per cent. tin, the total amount of metallic tin shipped from the Ross mine has been about 50,000 pounds, or 25 tons. While subject to fluctuation the price of metallic tin in the New York market is gradually rising. The average price during 1904 was 28 cents per pound. A ton of ore containing one per cent. of concentrates of which 66 per cent. is tin, is worth $3.70. A maximum of the average gross value of ore from the shoots in the Carolinas is $18.50 per ton.

At this time there are no tin reduction works in this country, hence the cost of shipping ore to Cornwall, England, for smelting is considerable. There is little doubt, however, that if the Carolina belt proves a success smelting works will be erected at convenient points. The cost of smelting is now about $37 per ton, counting railroad and steamship transportation.

While the outlook concerning the Carolina mines, from a commercial standpoint, is somewhat questionable, it is believed that profit may be realized from a number of the deposits by careful methods of working, in the near future.

ENGLISH GIRLS MAY BE RETURNED

Importation of Labor for Cotton Mills at Gastonia May Cause Trouble. Immigration Bureau at Work on Case.

Washington, Oct. 24.—The immigration bureau continues its investigations into the case of the English girls who were brought to this country as immigrants and began work in some of the Southern cotton mills, especially at Gastonia. The bureau has two inspectors in the field and they have taken a great deal of testimony, hearing the statements of a number of girls and of the men who went abroad to induce them to come back. It is tated that the bureau may not be ready to take action on these cases for a number of weeks, as it is not known how long the inspectors will be engaged in their work.

There are a number of wild stories as to arrests, suits, etc. The bureau has no authority to have arrests made. When the testimony is all taken, and reports are in the bureau, if it considers that the alien laws have been violated, it will turn the entire testimony over to the Department of Justice, which will act as it deems best.

It is clearly probable now that a number of the girls who came over will be returned to England at the expense of the government, possibly at the expense of cotton mills. As to arrests that is a matter a long ways off, and it is thought to be difficult to be able to convict persons of any importance of violation of the law when none was intended.

Altogether, the settlement of the matter is some distance away, and many of the absurd stories now being told will be forgotten.

One story said to be on the rounds in North Carolina is that Scotland Yard detectives have come to this country to make investigation. That is a simple fabrication, as the detectives have no right in this country. No English laws have been violated. No detectives are at work anywhere. Several immigration inspectors, with a stenographer, are busy gathering facts for presentation to the head of the bureau. That is all.

THE COTTON MARKET.

New York, Oct. 25.—The cotton market was very active during today's trading under liquidation and bear pressure which was encouraged by the census report showing 4,910,000 bales of cotton ginned to October 18, against 4,990,000 bales last year. The market closed steady but at a net decline of 36 to 41 points. Sales were estimated at 350,000 gales.

The market opened steady at a decline of 2 to 7 points in response to lower cables and sold off to a net decline of 19@20 points before the census report was issued, owing to better weather prospects, anticipated larger receipts, liquidation by nervous longs and a little selling for shore account. There was some support from the leading bull interests on a scale down, but the market acted weak and following the publication of the census report showing about 300,000 bales more ginned to October 18 than had been expected, the market broke to 10.50 for December and 10.60 for January or about 41 to 42 points. There was a slight rally later on covering, and a demand from some of the big bull leaders but the market continued very nervous and unsettled right up to the close.

Receipts at the ports today were 61,236 bales against 56,827 last week and 57,104 last year. For the week 430.000 bales against 272,277 last week and 293,863 last year. Today's receipts at New Orleans 11,255 bales against 9,052 last year and at Houston 14,801 bales against 12,220 last year.

Spot cotton closed dull 30 points decline; middling uplands, 10.95; middling gulf, 11.20; sales 100 bales.

There's no use getting mad if that for sale sign you stuck on the front of your vacant house has not brought you a tenant or purchaser. Your sign has been read and reread by practically the same people, who pass by it every day and who are too intent on other things to stop and look over the property. Now, if you would advertise in the Business Locals of the Morning Star it would come before the eyes of all the people looking for real estate. This is because they are accustomed to have the Morning Star tell them what property in Wilmington may be had.

MUCH TROUBLE OVER GIRL BRIDE

Groom Whi Stole Thirteen Year Old Wife Has Skipped and His Best Man is in Jail at Asheville.

Asheville, Oct. 24.—B. W. Warren, of Biltmore, an employe of George W. Vanderbilt, is kicking up all kinds of a row because of the marriage Saturday of his daughter, whom he alleges is just 13 years of age. The best man at the wedding, one German Souther, who secured the marriage license, and that young man now languishes in jail, in default of $300 bond, on a perjury charge.

Yesterday Mr. Warren swore out warrants for his son-in-law and also for young Souther, the unlucky one who secured the marriage license. The son-in-law is charged with seduction and abduction. The best man's warrant charges perjury. He was arrested and taken before Magistrate M. A. Creasman, held under $300 bond and in default remanded to jail. It is understood that Mr. Warren will shortly institute suit against Register of Deeds Fortune for issuing a license to a minor without consent of the parent. The officers have been requested by Mr. Warren to keep a lookout for his son-in-law, Harley Young, and when that gentleman is once taken he will doubtless be prosecuted to the full extent of the law by the enraged father.

When Mr. Warren, the father, learned of the nuptial event, by failure of the couple to return home, he was mad through and through. He went on the warpath and Sunday overtook the bride and groom. A hot discussion ensued and it is alleged that it is alleged that before the groom gave up his bride to her father he took a crack or two at the old man with a pistol. The father returned to his home with his daughter, but later she escaped. Last night she again returned to her father's house. The young husband, however, has not been heard from.

FIRE CALAMITY IN KANSAS CITY

Chamber of Commerce Building Burned and Many Occupants Met Death.

HELPLESS VICTIMS OF FIRE

Impossible to Rescue People From Fourth Story of Building—Six Known Dead and Death List May Be Thirty.

(By Wire to the Morning Star.)

Kansas City, Mo., Oct. 25.—In the ruins of the Chamber of Commerce building in Kansas City, Kas., destroyed by fire early today there are anywhere from half a dozen to thirty bodies, according to estimates given out by firemen. The actual loss of life will not be known until a thorough search of the ruins can be made, probably not then, as some of the firemen assert that a number of bodies must have been burned to ashes. The building, used as a tenement house and containing 100 rooms, held as near as can be learned, between 200 and 300 persons at the time the fire broke out at 1:30 o'clock. Most of these composed families, many others were transients whose names are unknown. Of the injured, scattered among half a dozen hospitals and at private homes, 25 were more or less seriously hurt. Two or three of these at least will die.

The known dead:

J. F. Branahan.

The infant of Mr. and Mrs. John A. Sparks.

John Lynch, driver of a sand wagon, lost his life trying to save Sparks' bay.

D. R. Young, aged 62, a laborer.

The missing: Charles Carlin, engineer of the Nelson Morris Packing Company, who was ill with typhoid fever. Mrs. E. M. Brigman and her two children, Amos, aged 15, and Leota, aged 12.

Patrick McGuire, who lived on the third floor and had no occupation.

George Mullen, invalid, aged 60 years.

Mrs. Ed. Winslow and two daughters, Mabel, aged 9 and, May, aged 4 years.

Edward Winslow, whose wife and two daughters are previously recorded as unaccounted for.

Mrs. Eliza Harris, a widow.

The total financial damage is esmated at $100,000. Of this amount $60,000 was on the building, which was owned by W. A. Bunker. The building was insured for $40,000.

The Chamber of Commerce building was situated at Park and Central streets, in the Riverview district of Kansas City, Kas. The structure was four stories in height, with a deep basement and faced the two streets. It was built of brick and stone alone.

It contained one hundred rooms, almost all of which were, as far as can be learned, occupied by families or individual laboring men or railway employes at the time the fire started.

The ground floor was occupied by W. A. Lovelace's barber shop; Edward T. Summers drug store; Central Avenue Gas Fixture Company; Mrs. Belle Wagner, restaurant; the Smith Overall Laundry, and the Labor Record.

So quickly did the flames spread that within a few minutes after the fire was discovered all means of escape by the stairways for the scores of occupants, was shut off. On two sides of the building the elevated railway tracks hemmed it in and made still harder the work of the firemen. Then another obstacle arose. The firemen did not have sufficient ladders and many of those they had were too short to reach the upper stories. A stifling smoke filled the building. The firemen quickly ran their ladders up, but they did not reach above the third floor. Many persons were on the floor above. The firemen first devoted themseles to the people on the second and third floors and did not then heed the screams of the people above. Many of the persons in the interior of the building were already overcome by the dense smoke, and had to be carried out by the firemen. But many were able to escape down the ladders without assistance. After getting everyone they could find out of the second and third floors, the firemen turned their attention to the people above. As the ladders did not reach above the third floor, the men on the fourth floor literally pitched their wives and children down to the firemen on the ladders and then jumped down themselves. Some of the more excitable ones jumped to the ground and were either killed or badly injured.

The fire interrupted street traffic on the elevated road and a motorman whose car stood just opposite the burning building said he saw five or six persons in the upper floors struggling frantically to escape and he is certain all of them succumbed to the smoke and toppled over into the ruins.

GOV. PENNYPACKER HOOTS AT GRAFT

Pennsylvania Executive Attempt to Justify Monstrous Scandal Over Capital.

FALLS BACK ON LOOSE LAW

Says What Would Be Extravagance in Wild Arkansas Would Be Economy in Keystone State—Corporations Footed Bill.

(By Wire to the Morning Star.)

Philadelphia, Oct. 25.—The Republican advisory committee to-day received from Governor Pennypacker a lengthy letter in reply to a communication sent the governor on October 15 asking him as "the responsible head of the government," for an "early and satisfactory declaration" upon the entire subject of the State capitol with especial reference to the charges of extravagance or graft in the matter of furnishings. Also, "as to the warrant of law for making expenditures above the $4,000,000 appropriated for the capitol construction." As to the latter question the governor says:

"The warrant of law for the expenditures upon the furnishing and equipment of the capitol is contained in the act of 1895. This act vests great authority and imposes an equivalent responsibility upon the board of public grounds and buildings. They are given 'entire control and supervision of the public grounds and buildings and all the repairs, alterations and improvements made and all work done or expenses incured on about such grounds and buildings, including the furnishing and re-furnishing of the same, 'and a general fund is provided 'for the purpose of making purchases of all articles of furniture, furnishings' and 'for the payment of any repairs, alterations or improvements, and the want of which may not have been anticipated at the time of the issue of the annual schedule.'

"The general appropriation act of 1903 authorizes the State treasurer to pay out of any moneys not otherwise appropriated such sums as may be required by contracts made in pursuance of law for the payment of 'repairs to and furnishing of the chambers and committee rooms of the two houses of the Legislature and the several departments of the government."

As to the charges of "extravagance and graft," the governor says:

"The term involves a comparison. What would be extravagance in one relation of life may be economy elsewhere. A capitol which it would be folly to attempt in Arkansas may be erected in Pennsylvania. The capitol and its equipment have been paid for out of revenues and the incoming Democratic treasurer found the treasury replete. It has not cost a citizen of Pennsylvania one cent in the way of taxes upon his real estate or goods. The moneys expended upon it have been almost entirely drawn from the profits of the great corporations and have been distributed among the artisans of the State.

"I know of no graft. I do not believe there has been any. I do not like the term, and I have little faith in the persons who roll it over their tongues. I thoroughly distrust the motives and the accuracy of those who are glibly making the accusations. They are persons who, having won a political campaign one year ago by misrepresentation as to conditions in Philadelphia and in a national bank which happeedn to fail, are cultivating hopes of a still greater success by the same dubious methods. Such an outcry from a State official would be entitled to more weight if it came from his office and not from the hustings. Nevertheless, there is always the possibility of error. The board was composed not of architects or builders and it is not likely that its members are either omniscent or infallible."

PREJUDICE AGAINST JAPS.

Children Excluded From Public Schools of San Francisco.

Washington, Oct. 25.—Viscount Aoki, the Japanese Ambassador, at a conference with Secretary Root at the State Department, made the request, in behalf of his Government that the United States see that Japanese subjects in California were accorded the full rights under the treaty of 1894, including the right of children to freely attend the public schools of San Francisco. Secretary Root will take the matter up with the President and it is likely that representations will be made to the authorities of California. The Ambassador said that the exclusion of Japanese children from San Francisco schools was the chief cause of the harsh criticism of the United States. He was inclined to discount the other causes given for the sentiment against this country.

FIVE RESCUED FROM ANGRY SEA

Survivors of Terrible Hurricane on Florida Coast Picked Up By Steamer.

WERE ADRIFT ON TWO LOGS

Six Desperate Men Had Clung to Raft But One Became Mad from Suffering and Flung Himself Into the Sea.

(By Wire to the Morning Star.)

Norfolk, Va., Oct. 25.—Five survivors of the great storm of last week were landed here to-day by the British steamer Heathpool, Captain Grieves, which arrived to-day to coal, from New Orleans to Rotterdam. The survivors are Frank Revely, foreman, of Marianna, Fla., Gus Johnson, of Brooklyn, N. Y., Ben. Clark, of Somerville, Mass., Abner Bell, of Kissimmee, Fla., and John Campbell, of Philadelphia. They with about 425 others were constructing a concrete viaduct for the Florida East Coast Railway through the Florida keys and were aboard houseboat No. 4, which lay anchored off the coast on the night of October 17. The great hurricane which swept over the coast struck the houseboat about one o'clock on the morning of October 18 and No. 4 broke adrift.

The houseboat soon afterwards foundered and all of the 150 men aboard were thrown into the raging sea. The houseboat was dashed to pieces in the angry waves which were rolling mountain high and the survivors tell of having seen many of their comrades killed by heavy timbers striking them as they were struggling madly to find some means of rescue. Six men managed to get two timbers, one 10 by 20 inches, and the other 6 by 14 inches, both 20 feet long, lashed these together, and lived on this raft until one man became mad from suffering and injury and threw himself into the sea.

On October 19 Captain Grieves, standing on the bridge of his ship heard cries for help from a raft, and launching a life boat soon brought the perishing men aboard the Heathpool. The survivors are being cared for at the Norfolk city mission.

OCEAN TRAGEDY AT HATTERAS

More Than Four Hundred Life Preservers Have Drifted on Beach.

IS GREAT MARINE PUZZLE

Some of Cork Jackets Are Labeled and Some Are Not—Probably Passenger Ship Has Met With Disaster.

(By Wire to the Morning Star.)

Norfolk, Va., Oct. 25.—A maritime puzzle that may be the result of a great ocean tragedy came ashore near Cape Hatteras to-day in the shape of more than four hundred life preservers.

Between Hatteras and Big Kinnaket, the beach is strewn with the cork jackets. Some are marked and some are not. Those that are, bear names not to be found in the maritime register, Lloyds or the American "Blue Book." Some are marked "Caswitz, Rettunysyurcer, G. R. P. No. 108,341." Others are stamped "Sealanan." Two bear the name "Smeskf." Three miles north of Big Kinnaket a part of a white yawl boat and a fragment of a boat's gunwale washed ashore. There are no marks on this wreckage.

Because all the life preservers and the pieces of wreckage came on the beach in such a limited area, shipping men here are of the opinion that whatever the cause may be, it occurred not far from the coast. A diligent search among marine records has failed to reveal any names that correspond with those on the life preservers, and life preservers are generally marked with the name of the boat they are on.

From the great number of the jackets that came on the beach, it is believed here that if a disaster has occurred it is a passenger ship that is the victim. But how such a wreck could happen without other traces of it coming ashore is mystifying the shipping men.

It is probable a revenue cutter will be sent out to scour the ocean off Hatteras for further traces of a wreck.

A Cure for Dyspepsia.
